NEWS PUBLISHING COMPANY.

Entered at the postoffice at Baxter Springs, as second class mail matter.

As the Editor

Sees It.

Who will join this paper in making this a prosperous Christmas for this town?

Who will clasp hands with us in an effort to make it a Merry Christmas for everybody, and at the same time preserve our own best interests by keeping our money at home?

Who will write themselves down before their fellow men as being among the Best Citizens of this community, who will take a determined stand in the ranks of those who are willing to think of the welfare of their neighbors as well as that of self?

The editor of this paper expects to spend every possible dollar of his Christmas money at Home this year. He expects to do that because it helps You, as well as others—because anything that keeps the money in this community is good for all of the people of the community.

Will You join this paper in such a movement, which can have but one result, that of benefiting the community and its people?

There really is no rational reason why we should not buy our holiday goods from our own business men. There is every reason why we should.

We can not expect to prosper ourselves if we continually send our funds to outside sources.

The man who habitually pays our more than he takes in will soon reach the point where he has nothing left to pay.

When the people of a community

continue to send their profits away from the community for any length of time, they soon come to realize that the home people are hard pressed for funds, that prosperity has taken wings, that hard times and business stagnation are upon them, and that the value of their holdings is shrinking day by day.

Our local merchants are making special preparations for the Christmas trade. You will be able to find practically anything within reason within some one or other of our stores, and at prices as low as you can secure the same goods elsewhere.

By trading with home merchants you will be getting what you want at the right price and will be doing your share toward keeping as much as possible of our money in circulation among our own people, where it belongs and where you will have an opportunity of seeing some of it yourself.

It is no hardship for us to do this.

It is what the people are doing in every Prosperous community in this state, and it is one of the elements that contributes to their continued prosperity.

Whenever you see a town that is dead you may know that what few profits are made in that community are sent away to outsiders, and that the town is going down hill every day.

We don't want to be in that class. We want to go uphill, and reach the top, and stay there, and we never can do it unless we keep the profits at home.

When you buy from the city man the cost of manufacturing the goods and the merchants' profit are both sent away from home.

But when you buy from the home merchant only the cost of manufacture is sent away. The merchant's profits are kept at home and in circulation among our own people.

That is a plain and straightforward statement of the case, and it clearly indicates the line we must pursue if we want to keep the prosperity in this town.

Are you with this paper in a movement to buy it at home this Christmas? Are you one of those who believe in making a merry Christmas for our own people?

Of course it is possible there may be some article you want that cannot be purchased in this town. But perhaps the local merchant can order it for you. Let him do it. He can get it at wholesale rates, where you would have to pay the retail price if you ordered it yourself. And again the merchant's profit would be kept at home.

Feels a Hundred Per Cent Better Now

Fred Leonard Tells How He Was Relieved Of Catarrh After Taking Tanlac.

"I have been troubled with catarrh of the head, nose and throat all my life, says Fred Leonard, who resides at 130 North Market street, Wichita, Kan.

"I have tried treatments of all kinds and medicines of every nature, but none ever gave me relief. My head and nose were stopped up most of the time. I had a burning sensation in my nose, was troubled with pains over my eyes, and I had an everlasting dropping of mucus from my nose to my throat which kept me spitting half the time. My breath was very offensive and I gradually grew worse from day to day.

"I began to take Tanlac when it was first introduced in Wichita, and before I had taken the first bottle I could see a big change in my feelings. Now I feel a hundred per cent better, the pains over my eyes have left me, the

burning in my nose don't effect me. I can breathe much better, and I believe my catarrhal troubles will soon be all gone."

Tanlac, the magic remedy, is obtainable in this city at the M. E. Reddy Drug Store.

Tanlac can be had at \$1.00 a bottle, three for \$2.75 or six bottles for \$5.00.

Developing and Feeding Horses.

With the European war in full blast and agents from across the water scouring this section of the country for horses and mules, the article on developing and feeding young horses which Dr. W. C. McCampbell, professor of animal husbandry at the Agricultural College, has written for the News is of especial value to most of our farmer subscribers. The piece appears in the city and rural route editions of the News.

Chronic Constipation

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere. Adv.
